Matters of concern:

* Safety - while a match is played, refrain from practicing around the playing court.

* Score sheet - it's the responsibility of both teams to tally up and fill in the score sheet and summary scoresheet before signing.

* Stretching and warm-up time - we recommend you do some stretching before getting on court. No more than 1 minute on court warm-up before your game.

* All sheets (score n summary) come with the given clipboard MUST stay with the clipboard. Ideally, the winning team should take a photo of the score sheets after each match. It is the responsibility of the overall winning team to bring us back the clipboard once all matches are finished.

* If you had some doubt about some rules. For example, a player uses maybe illegal serve to win points. Ask the umpire first and if you are still not satisfied with his/her answer, come talk to us at the control desk right away. Don't wait till the end of your game as even though you may be correct, we cannot order the replay of those lost points.

* Team Name and Number - please take note of your team number especially if your school had multiple teams in Boys, Girls and Mixed division. The team number is on your score summary sheet and we use it during presentation.

For example:

BaulkhamHillsHS-M3 (BHHS-M3) - Baulkham Hills High School Mixed Team No.3

TrinityCCA-B1 (TCCA-B1) - Trinity Catholic College Auburn Boys Team No.1

PymbleLC-G5 (PLC-G5) - Pymble Ladies' College Girls Team No.5

* If you can't find your team members or opponents, let us know ASAP. Any other concerns, feel free to come and talk to us at the control desk.
